

Get NOW... Get FAST... Get JET !

Please review the packages below. Whether you are looking to optimize your speed and reliability of your internet connection for your business, or want broadband internet at home, we have a suitable package for you!

JET Home - CAPPED

JET Home is for residential users and even for clients who run a small home-based business. JET Home is a shared broadband service and offers DATA CAPPED packages and speeds to suits your needs. Facebooking, Emails, Surfing, Pinterest.... it's all there at the speed and data cap that you need. And if you run short, check out the instant Booster Packages for the months where you go a little heavy.

JET Package:	Upload/Download Speed:	Data Cap: (GB)	Price: (incl)
JET Home 1	1024 / 1024	20	N\$649.00
JET Home 2	2048 / 2048	40	N\$799.00
JET Home 5 (Netflix Friendly)	5120 / 5120	100	N\$1,199.00
Jet Home 10 (Netflix Friendly)	10,240 / 10,240	170	N\$1,999.00

JET Business - CAPPED

JET Business is intended for small to even medium businesses that require **good, reliable and stable** internet in order to conduct normal business. Can you afford to be offline? If speed is essential but you are not that heavy on the throughput, then these packages are for you. As a shared service, these DATA CAPPED packages offer higher throughput at great speed. Running short? Get an instant Booster!

JET Package:	Upload/Download Speed:	Data Cap: (GB)	Price: (excl)
JET Business 3	3072 / 3072	75	N\$1,049.00
JET Business 5 (Netflix Friendly)	5120 / 5120	150	N\$1,450.00
JET Business 10 (Netflix Friendly)	10,240 / 10,240	250	N\$2,399.00

Booster Packages (For Capped Packages Only)

Clients who opted to go for a Data Capped package will always have the option to buy an **Instant Booster Pack**. Running a little short? No problem! These booster packs will get you what you need, when you need it!

Keep in mind that if you are a NETFLIX fan, your data cap will NOT be affected by watching NETFLIX between the hours of 6 pm to 6 am on any day! So, no need to top up if you want to order some pizza (not included) and chill with some good box office hits.

Booster Packs:	Data Top-Up:	Price:
BP 10	10 Gigs	N\$150.00
BP20	20 Gigs	N\$250.00
BP50	50 Gigs	N\$500.00

Important Points

This brand new **Super Duper Uber Broadband Technology** is at this point only available in urban Windhoek. (Check back soon. Other cities and urban areas will receive some Uber special treatment soon!)

- Installation generally occurs within 72 hours, depending on how busy YOU keep our installation teams.
- A small transceiver needs to be installed at the location where you would like your **SUPER JET FAST** internet. Installation cost is N\$700.00.
- Once installed, you may need a router to distribute your **NOW SUPERFAST** internet connection wirelessly or via LAN to your devices in your home or business.
- The cost of installation as well as the cost of your router (if required) can be **included** in your 12 / 24 months contract. This works well on debit orders.

- All included... all in... join our looooong list of happy clients.

The technology has been tried and tested worldwide. Speak to neighbour.

Maybe you too should... **GET JET !**
